

Forte Twirl and Dance Studio COVID-19 Policy

Updated July 9, 2020

Face masks required

Students are required to wear a mask upon entering and exiting the studio. Once the student is inside the classroom in their socially distanced spot, they are welcome to remove their face covering for class. Forte staff will be required to wear a mask at all times. Any adult that has to enter the studio is also required to wear a mask.

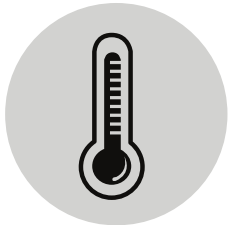

What to bring

We ask that students come to class fully prepared and dressed. No outside food or drink will be allowed. Students may bring a water bottle, their baton (if they have a personal one) and a small bag with their jazz shoes if needed.

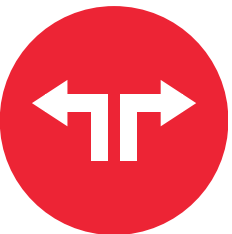

Hand sanitizer encouraged

Hand sanitizer will be provided by Forte Twirl and Dance Studio. Students will be asked to use hand sanitizer upon entering and exiting the studio.

Temperature checks

Upon entering the studio, Forte staff will check students temperatures using a touchless thermometer. Anyone with a temperature over 100.4 degrees Fahrenheit will not be allowed in the studio. Please do not come to class if you are exhibiting a fever or any other symptoms.

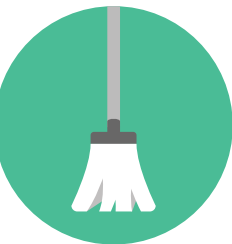

Social distancing

All students are asked to maintain distance in the lobby and the studio. Social distance markings will be placed on the floor/mats for all classes. All choreography and lesson plans have been updated to include no contact between students.

Lobby is closed

In order to comply with capacity guidelines, Forte Twirl and Dance Studio's lobby is planned to be closed as of right now. Only students and staff will be allowed in the studio. Parents, we ask that you wait outside with your student until the instructor comes to the door to let the next class into the studio. Once class concludes, students can be picked up from the front door.

Enhanced studio and equipment cleaning

All batons and mats will be sanitized between classes. A deep clean will be done daily once we are closed to make sure Forte Twirl and Dance Studio is in compliance with CDC protocols.
